### **Smoke Alarms & Health & Safety**

Please do not remove any smoke detectors or their batteries from their positions. If there was a fire/evacuation emergency and it was found that a detector had been removed, for whatever reason, then:-

A. The liability falls squarely on the shoulders of the Trustees

B. An insurance claim would be viewed unsympathetically

C. Moreover, possibly a claim for negligence could be filed by the Fire Authority or Insurer!

If you notice any problems with the detectors, please speak to Doug Prentice.
